

VIRTUAL WORKSHOP

MUSIC AS A PATHWAY TO SOCIAL EMOTIONAL LEARNING

Tuesday, May 17th
6:30-7:30 PM

You are invited to join the California Music Educators Association and Save The Music Foundation for a virtual professional learning session, "Music as a Pathway to Social Emotional Learning", with presenter Ping Ho, Founder and Director of UCLArts & Healing.

In this interactive workshop, learn about the innate social-emotional benefits of music and how they can be enhanced by trauma-informed and culturally responsive practices. You will gain practical tools for helping even the most reserved students express their feelings, manage their feelings, and connect to others through music. These practices have direct impacts on classroom participation and learning.
